ACCME Premier Technology Partner

AICPA SOC

Brandon Hall Group EDTECH EXCELLENCE AWARD GOLD 2025

TALENTED LEARNING 2026 TOP 10 PROFESSIONAL ED LMS

Unlock the Digital Potential of your Association with Seamless Remembers AMS and MapleLMS Integration

Develop continuing education learning pathways, boost association revenue, and integrate data seamlessly to improve members' educational experiences.

Non-dues Revenue Generation while Saving Costs

- Sell courses, on-demand content, subscriptions, certifications, webinars, event registrations, and conferences on the Remembers storefront
- Purchased products are auto-commissioned on MapleLMS
- Multi-tenancy architecture provides you the ability to create event microsites for sub-licensing your LMS
- Each event maps with any course within MapleLMS

Two-way Data Synchronization

- Real-time intelligent synchronization of data and activities between MapleLMS and Remembers
- SAML 2.0-based Single Sign-On (SSO)
- Remembers shares data such as members' status, roles, and their access permissions to courses and functions with MapleLMS
- MapleLMS writes back data to Remembers such as course progress, credits earned, certificates generated, and transcripts

Reports and Dashboards

- Track members' learning and performance metrics
- View reports and dashboards both on MapleLMS and Remembers
- Personalized reports and dashboards for different roles
  -Members
  -Administrators
  -Training Managers
  -Management

AI-driven Continuing Education for Members

- MapleLMS's AI-suggested learning paths encourage members to continue learning and achieve their professional goals
- Content recommendation from the storefront based on members' profiles, roles, and credits
- Carry forwarding of credits from external learning systems
- Credit claims for external learning activities

Online Assessment

- Conduct high-stakes online certification examination assessments
- Conduct cheat-proof assessments, powered by AI and remote proctoring
- Generate real-time proctoring and online assessment reports
- Automated certificate generation
- Transcripts are written back to Remembers

Non-dues Revenue Generation using:
. Off-the-Shelf courses
. On-demand content
. Cross Selling

No Manual Work for Staff

Single Sign-On

Auto Course Enrollment

Training Updates/Notifications

Integrated:
. Reports
. Analytics
. Dashboard
