Anywhere. Anytime. Any device

ACGI SOFTWARE

Uncover the Digital Capabilities of your Association with ACGI AMS & MapleLMS Integration

The power of ACGI AMS with MapleLMS for an amazing member experience, within a robust association management platform

Non-dues Revenue Generation while Saving Costs

- Sell courses, on-demand content, subscriptions, certifications, webinars, event registrations, and conferences on the ACGI storefront
- Purchased products are auto-commissioned on MapleLMS
- Multi-tenancy architecture provides you the ability to create microsites for sub-licensing your LMS

Two-way Data Synchronization

- Real-time intelligent synchronization of data and activities between MapleLMS and ACGI
- SAML 2.0-based Single Sign-On (SSO)
- ACGI shares data such as members' status, roles, and their access permissions to courses and functions with MapleLMS
- MapleLMS writes back data to ACGI such as course progress, credits earned, certificates generated, and transcripts

Reports and Dashboards

- Track members' learning and performance metrics
- View reports and dashboards both on MapleLMS and ACGI
- Personalized reports and dashboards for different roles
  - -Members
  - -Administrators
  - -Training Managers
  - -Management

Online Assessment

- Conduct high-stakes online certification examination assessments
- Conduct cheat-proof assessments, powered by AI and remote proctoring
- Generate real-time proctoring and online assessment reports
- Automated certificate generation
- Transcripts are written back to ACGI

AI-driven Continuing Education for Members

- AI Course Curation
- AI Question Creation
- AI Recommendation
- AI Coach Summarizer
- AI Assistant
